Anticipated Graduation Date:

In addition to the guidelines listed below, you are responsible for reviewing and following the general guidelines for minors: http://www.catalog.gatech.edu/academics/minorguide.php.

The EAS minor with a Geophysics track is for students in majors outside of EAS majoring in science and engineering. Prerequisites required for some of the classes listed below. This minor must comprise at least 15 semester hours, of which at least 9 semester hours are upper-division coursework (numbered 3000 or above).

A. Required Courses: EAS 2600 and 3610

B. Choose 8 credit hours electives: EAS 4312, 4314, 4330, 4360, 4370, 4699, 4795

No more than 3 semester hours of Special Topics courses may be used. No more than 3 semester hours of Undergraduate Research may be used. No more than 3 semester hours of Special Problems courses may be used.

It is the major advisor's responsibility to verify that students are not using any courses required by name and number for their major, that they are not using any core area A-E courses (including humanities and social sciences), and that they are not using any courses for more than one minor or certificate. Free electives and technical electives may be used towards minors.

List the courses completed for the requested minor:
