In addition to the guidelines listed below, you are responsible for reviewing and following the general guidelines for minors: [http://www.catalog.gatech.edu/academics/minorguide.php](http://www.catalog.gatech.edu/academics/minorguide.php)

The Leadership Studies minor must comprise at least 15 semester hours, of which at least 12 semester hours are upper-division coursework (numbered 3000 or above). In order for a student to be enrolled in this minor, they must have at least 30 credit hours with a cumulative GPA of 2.5 or greater, applied for admission, and been formally admitted. Each course counting toward the minor must be completed with a grade of C or above, with the overall required GPA in the courses counting toward the minor being a 2.75 or better.

I. Each student must take the following required courses: PUBP 4140 - Foundations of Leadership (3 hours) and CEE 4803A – Global Engineering Leadership & Management (3 hours)

II. Each student must also take at least three courses (9 hours) selected from the Engineering Track below.

   Engineering Track: CEE 4803B, 4803C, 4803D, 4803E, 4803F, 4803G, 8813A*

III. Each student must complete an internship from the Engineering track.

   Engineering Track: CEE 4803H – Global Engineering Leadership Development Internship

*See below list of approved Special Topic courses. Students may use up to 12 hours of Special Topics courses from approved list.

A maximum of 3 semester hours of transfer credit may be used to satisfy the course requirements for a minor. This includes courses taken at another institution or credit earned through the AP or IB program, assuming the scores meet Georgia Tech minimum standards.

It is the **major advisor's responsibility** to verify that students are using only courses from the designated block(s) from the student’s major field of study that are allowed to satisfy a minor program, that they are not using any Core Area A-E courses (including humanities and social sciences), and that they are not using any courses for more than one minor or certificate. Any free elective course used to satisfy the course requirements of the student’s major degree program may also be used to satisfy the course requirements for a minor.

List the courses completed for the requested minor:

*List of courses:
CEE 4803B: Environmental Quality in Developing Countries
CEE 4803C: Construction Management and Megaprojects
CEE 4803D: Transportation, Cities & Sustainable Development
CEE 4803E: International Disaster Reconnaissance Studies
CEE 4803F: Sustainable Subsurface Infrastructure
CEE 4803G: Energy-Focused Civil Engineering
CEE 8813A: Global Water & Sanitation
CEE 4803H: Global Engineering Leadership Development Internship
