Approved Program of Study for Undergraduate Minors
Georgia Institute of Technology
Office of the Registrar
2014-2015
Minor in Psychology

Please type or print in ink:

Name (first/last):    GT Student ID Number:

GT Email Address:    Daytime Phone:

Major:    Anticipated Graduation Date:

In addition to the guidelines listed below, you are responsible for reviewing and following the general guidelines for minors: http://www.catalog.gatech.edu/academics/minorguide.php

1. The Psychology minor must comprise at least 18 semester hours, of which at least 12 semester hours are upper-division coursework (numbered 3000 or above).

2. Required courses include: PSYC 2015 and PSYC 2020 (or other statistics course as approved by the Undergraduate Coordinator in the School of Psychology).
   A. If PSYC 2015 (Research Methods) is counted as credit toward another program then it cannot be counted towards the psychology minor. In this case 15 semester hours of Psychology at or above the 3000 level must be taken to complete the psychology minor.
   B. If PSYC 2020 (Psychological Statistics) is not taken (i.e., because some other statistics class has been allowed to replace it), then 15 semester hours of Psychology at or above the 3000 level must be taken to complete the psychology minor.
   C. If A and B above are both true, then 18 semester hours of Psychology at or above the 3000 level must be taken to complete the psychology minor.

3. Courses to be excluded from the minor include: PSYC 3031, PSYC 4031, all special topics courses, all special problems courses, and all undergraduate research courses (e.g., PSYC 2699, PSYC 4699.)

4. No more than 6 hours of Advanced Standing may be included in a minor program.

5. All courses counting toward the minor must be taken on a letter-grade basis, and completed with an overall average of at least 2.0.

6. No more than two minors may be awarded with a degree. Each must contain 18 semester hours not used in the other minor.

7. Courses required by name and number and/or used to satisfy Core Areas A through E in a student’s major degree program may not be used in satisfying the course requirements for a minor. However, courses used in a minor also may be used to fulfill other elective requirements (free electives, technical electives, etc.) in the student’s major degree program. Major advisors, please verify.

8. The minor will be conferred at the same time the degree is conferred and the degree and minor will be recorded on the student’s transcript. The minor will not appear on the diploma. Minors may not be conferred retroactively upon students who have graduated.

9. List the courses completed for the requested minor:

<table>
