1. The Psychology minor must comprise at least 18 semester hours, of which at least 12 semester hours are upper-division coursework (numbered 3000 or above).

2. Required courses include: PSYC 2015 and PSYC 2020 (or other statistics course as approved by the Undergraduate Coordinator in the School of Psychology).
   A. If PSYC 2015 (Research Methods) is counted as credit toward another program then it cannot be counted towards the psychology minor. In this case 15 semester hours of Psychology at or above the 3000 level must be taken to complete the psychology minor.
   B. If PSYC 2020 (Psychological Statistics) is not taken (i.e., because some other statistics class has been allowed to replace it), then 15 semester hours of Psychology at or above the 3000 level must be taken to complete the psychology minor.
   C. If A and B above are both true, then 18 semester hours of Psychology at or above the 3000 level must be taken to complete the psychology minor.

3. Courses to be excluded from the minor include: PSYC 3031, PSYC 4031, all special topics courses, all special problems courses, and all undergraduate research courses (e.g., PSYC 2699, PSYC 4699.)

4. No more than 6 hours of Advanced Standing may be included in a minor program.

5. All courses counting toward the minor must be taken on a letter-grade basis.

6. All courses used to satisfy the course requirements for a minor must be completed with a grade of C (2.00) or better.

7. It is the major advisor’s responsibility to verify that students are using only courses from the designated block(s) from the student’s major field of study that are allowed to satisfy a minor program, that they are not using any Core Area A-E courses (including humanities and social sciences), and that they are not using any courses for more than one minor or certificate. Any free elective course used to satisfy the course requirements of the student’s major degree program may also be used to satisfy the course requirements for a minor.

8. The minor will be conferred at the same time the degree is conferred and the degree and minor will be recorded on the student’s transcript. The minor will not appear on the diploma. Minors may not be conferred retroactively upon students who have graduated.

9. A maximum of 6 semester hours of Special Topics courses may be included in a minor program or the student may complete 3 semester hours of Special Topics and 3 semester hours of either Special Problems or Undergraduate Research. Students may not use 6 semester hours of either Special Problems or Undergraduate Research for a minor.

10. A maximum of 3 semester hours of transfer credit may be used to satisfy the course requirements for a minor. This includes courses taken at another institution or credit earned through the AP or IB program, assuming the scores meet Georgia Tech minimum standards.

11. A course may not be used to satisfy the requirements of more than one minor or certificate.

List the courses completed for the requested minor:
